Packing QTY	60pcs	N.W	121.5g
Size	200x111x80mm		

Selective color

S-623A white

S-623B black

Product features

- Drilled installation

1. Mark the position on the wall according to the distance between screw holes.
2.Punch holes at the mark.
3.Drive a dilating pipe into the hole.
4.Install the paper holder,tighten the screws and use after installation

- Free nail installation

1.Wipe the wall with a cloth.
2.Keep walls dry.
3.Stick the nail-free sticker where you need.Eliminate excess air bubbles ,and wait for it 12 hours.
4.Install the paper towel holder and handle to use.

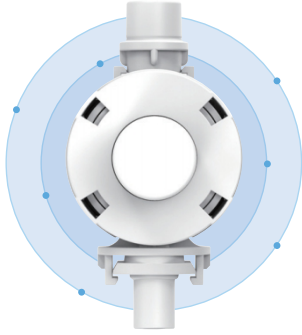

5 patented pump head
can be pressed up to 20W times

Conventional pump head

Free nail sticker

- Three types:drop,spray,foam
- Installation method:hole punch, hole-free
- The paper dispenser is designed with rounded corners to prevent collision.
- Patent key lock:you can directly press the button to open it when it isn't locked.The lock button can't be pressed to open the cover when it's locked, can be used in public places.
- Visual window:grasp the amount of paper towel,change paper in time.
- ABS:firm and durable, thickness design, not easy to change color.
- Use high-quality raw materials to make various components,and has undergone numerous tests to ensure product quality. The new patented design of the pump head has good airtightness to ensure the smoothness of the liquid.
- The pump head adopts 7 silicone rings,which have good tensile strength and excellent sealing performance to ensure no leakage.
- Use 2 304 stainless steel springs:heat resistance, corrosion resistance,high toughness, no rust, increase service life.
- The pump head is easy to press, effortless to press with one hand, and can be used up to 200,000 times.

Auto Soap Dispenser

Automatic temperature measuring soap dispenser

Infrared induction, automatic outflow liquid and temperature measurement, accurate measurement

Applicable scope: hotel, hospital, office building, KTV, airport, home and other public places

Technical parameter

Model	S-8091-T temperature measurement drop/foam/spray		
Accuracy	±0.2℃ (34~45℃,Place the working environment for 30 minutes before use)		
Alarm	Automatic alarm, flashing & "di di di"	Work temperature	10℃~40℃ (recommend15℃~35℃)
Measuring distance	5cm~ 10cm	Measurement range	0~50℃
Display screen	digital display	Standby mode	5s standby in non-working time
Alarm temperature	adjustable	Size	273x136x102mm
Capacity	1000mL	Power	5W
Installation	Punch/no punch	N.W.	785g
QTY	20Pcs	CTN G.W.	17kg
Type	table top/wall mounted	Power supply	USBcable or 4pcs AA batteries
